A good starting point might be NCIS, which interviewed me twice between 2004-2007. I thank you for your time, as I understand this might take some investigation. DON-NAVY-2019-003212	I am requesting a copy of a report from NCIS that was opened April 24, 2003 in Manta Ecuador where I (unmarried at the time - (b) (6)) was serving on active duty as an undesignated Seaman onboard the USS Hayler, DD 997, and we had just pulled in-port to overturn captives to the local authorities after completion of the drug bust mission. That evening, at approximately 2000 hours, I was struck by a motor vehicle (possibly a white ford escort from what I was told) at the speed estimated anywhere from 30-70 mph on my left side, projecting me onto the front window of the vehicle to then be drug approximately 20 feet, and as the driver continued to speed up, velocity then projected me an estimated 80 feet upward until I was descended to the asphalt violently. From there I was transported to Clinica De Especialidades Medicas "San Gregorio" in Manta, Ecuador for immediate medical treatment. This is where the immediate investigation began and following hospitalizations were Jackson Memorial Hospital Florida with a final transfer to Portsmouth Naval Medical Center on April 30, 2003. Providing this documentation would help significantly to provide proof of such incident for benefits to the Veteran Affairs and for educational benefits. Thank you in advance for your assistance in this matter.	1/16/2019	Partial Grant/Partial Denial

I was denied access to the Naval Research Laboratory, Washington D.C. as a visitor on Jan. 18th, 2019 to work on a research project that I am collaborating with NRL.  I was denied access to the facility due to investigations that showed up on my background check in the year 2015 and 2016, which are listed with unknown status. Both of these investigations should have been listed as one and also I was not charged with any crime either.  At the NRL's visitor center, I have been informed that I should not be worried about the 2016 investigation. However, I need to get the status for the 2015 investigation which has a case number as 09SEP15NFNF045185NA. It would be great if you could update the status of the investigations appropriately. This will enable me to continue serve by collaborating with NRL in the advancement our Navy. Thank you in advance!	1/24/2019	Partial Grant/Partial Denial

DON-NAVY-2019-003148	<p>COLD CASE MURDER OF NAVAL DEPENDENT RICKEY WILTROUT</p> <p>In September 1997, thirty-year-old Ricky Wilttrout, the son of Naval officer, went missing after a night of drinking with friends near Naval Station Norfolk. Nearly two years later, a surveyor sighting lines along a fence that ran through Navy property on the base found scattered skeletal remains; the victim was shot at close range with a .44 caliber hand gun. The case fell to NCIS, which had little to work with in the beginning " no identification and teeth that showed no signs of dental work. When news broke of the grim discovery, Rickey 's mother, Mary, knew it had to be her son and offered to supply NCIS with her DNA hoping for a match. A year later, genetic testing confirmed it was in fact Ricky. Now NCIS was tasked with finding her son 's killer. The agency 's quest for truth would eventually lead them to three suspects: (b) (6) , who had been friends of Ricky's from the neighborhood and were with him the night he disappeared. In May 2003, NCIS orchestrated a plan to confront the men, who along with their friends and some family members were rounded up and interviewed over the course of 48 hours. Loyalties soon shifted and one by one the suspects turned against one another. After nearly six years of unanswered questions, the truth about why Rickey was killed had been revealed; with a motive nearly as chilling as the crime itself. Rickey's coldhearted friends admitted to killing him simply for fun, to watch someone die. In the end, (b)(6) pleaded guilty to second-degree murder and was sentenced to 13 years. (b) (6) pleaded guilty to acting as an accessory after the fact to murder and received a year in jail " the maximum penalty for the misdemeanor crime. Both had planned to testify against (b) (6) who eventually entered an Alford plea to charges of second-degree murder and was sentenced to 15 years in prison.</p>	1/25/2019	Partial Grant/Partial Denial

As declared by the court, once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record "i.e., as a unit "except insofar as the agency may redact information falling within a statutory exemption. Also, under FOIA Improvement Act of 2016 each agency, in accordance with published rules, shall make available for public inspection in an electronic format . . . copies of all records, regardless of form or format .... that have been requested 3 or more times." DON-NAVY-2019-003368	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. ÃÂ§ 552, I request a copy of 05OCT16-MEDJ-0208-8SNA/C  I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA does not provide for . . . redacting non-exempt information within responsive records. As declared by the court, once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record "i.e., as a unit "except insofar as the agency may redact information falling within a statutory exemption. As Also, under FOIA Improvement Act of 2016 "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format .... that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute.	1/31/2019	Partial Grant/Partial Denial

DON-NAVY-2019-003828	January 25th I was involved in an incident involving an unidentified female with a weapon at the front gates of the U.S. Naval Research Laboratory (NRL). I am requesting the police report and the footage from the front gate of the U.S. Naval Research Laboratory and the back gate intersection (located on Overlook Ave.) of Joint Base Andrews-Bolling (JBAB). I approached NRL at 6:40AM on 1/25/19. I assume that I approached JBAB back gate intersection about 5 minutes prior to approaching NRL. I was drive a silver Kia Optima and the unidentified female was driving a Honda.  I took exit 1A from I-295 SB and approached the intersection of JBAB back gate when the unidentified female pulled her car in front of mine in a slanted angle and opened her door with the knife in her hand. I managed to pull around her when the light turned green and proceed down Overlook Ave. towards NRL (where I work). The unidentified female followed me and exited her vehicle once we were directly in front of NRL front gate. She banged her hands and the knife on my car window as I alerted the officers on duty at the gate. They detained her and directed me to go through the gate and pull my car to the side. I am requested the police report filed by NRL/NDW including any statements made by any officer and the unidentified female. I am also requesting the footage (all angles) from the intersection at JBAB where I took exit 1A up until when I proceeded down Overlook Ave. SB. I am also requesting the footage from NRL front gate (all angles) from the time I turned onto NRL property (Laboratory Rd) up until the scene was clear.	2/13/2019	Partial Grant/Partial Denial

DON-NAVY-2019-003917	In 2016, I applied to job opening SW71811-07-1801189PR501938 to be an NCIS Special Agent (SA). In December 2016, I received a Conditional Job Offer (CJO) to become an NCIS SA. In January 2017, I received an invitation to conduct the written and panel interview, which I passed. Shortly thereafter, I completed my SF-86 which kicked off the background portion of the hiring process. I was contacted on March 3, 2017 by (B6/B7c) to schedule my polygraph on Bolling Air Force Base in Washington, DC which I confirmed via email. Four days later (March 7, 2017) (B6/B7c) advised via email that my polygraph was rescheduled to March 14, 2017 to accommodate the polygrapher's schedule. Again, I promptly confirmed my attendance. When March 14th rolled around, there was a big snow storm and I was unable to attend my polygraph. (B6/B7c) rescheduled me for March 17th at the Hanover, MD location. I took my polygraph and the polygrapher advised that I was on the border on passing. He said that he had me as passing and would send it up the chain. To my surprise, I was scheduled for a retest on June 22, 2017. The new polygrapher said that my results made it to the last approval line (NCIS HQ) and they sent it back down. During my retest, the polygrapher again stated I was close and that he had me as passing. As of today, almost two years later, I have heard NOTHING regarding my polygraph results and would like an answer as to what happened. Per OPM policy, all applicant's will be notified in writing whether they passed or failed their polygraph and NCIS is not in compliance with this policy. Other NCIS employee's who I've been in contact with include: (B6/B7c)	2/15/2019	Partial Grant/Partial Denial

DON-NAVY-2019-004707	I am requesting records concerning my rescue by a Naval helicopter out of the Naval Air Station in Key West, Florida. I am a retired USCG-licensed Master Captain (Merchant Marine) now living on a small sailboat in the Florida Keys. On 9 December 2017, I was caught in a storm in the Keys aboard the S/V Saoirse, a 32' sloop (1973 Irwin) that I had been living aboard for two years. My anchor line failed and the vessel hit a reef, causing her to founder. I activated my EPIRB emergency beacon and evacuated the vessel in my dinghey, making landfall on a small, deserted island. From there, I was rescued by a Naval helicopter and taken by Navy EMTs in an ambulance to a hospital in Key West. I am requesting any and all records relevant to my rescue by the Navy.	3/11/2019	Partial Grant/Partial Denial

DON-NAVY-2019-004796	<p>On 07/1998 I was discharged from the Navy. Shortly after getting home, I filed a motion to have my records reviewed and corrected. I felt that the physician did not follow proper medical procedures and that they unfairly discharged me. I also felt that my JFW separation code and characterization was inaccurate.</p> <p>During my physical examination at the Raleigh MEPS, I informed them that I previously had an ACL reconstruction. They sent me for a medical consult and submitted a medical waiver on my behalf. After a few weeks, the Navy approved my medical waiver.</p> <p>Unfortunately, my left knee became swollen during boot camp. They sent me for a medical evaluation. During my physical examination, the physician stated that my ligaments were unstable and that they were discharging me.</p> <p>I disagreed and was surprised that they could discharge me that easily. When I got home and reviewed my DD214, I discovered that my separation code meant that I did not have a medical waiver on file and erroneously enlisted. I was disappointed and shocked to see that. I immediately sought help to correct my records.</p> <p>I was upset because I went through the proper steps to enlist and had a medical waiver on file. I joined honorably and felt that my separation code and characterization should reflect that.</p> <p>To this date, I have never received a response to my petition. Even though I was only in the Navy for a short time, I still want my records to be accurate and reflect honorable service.</p> <p>Can you please provide me with a status update? I would appreciate copies of the medical board recommendations, responses, and of changes to my records. If they denied my petition, can you please provide me with counsel?</p> <p>Thank you so much for your help with this matter.</p> <p>Sincerely,</p> <p>(b) (6)</p>	3/13/2019	Full Grant

This case pertains to an individual here at my command. It is my belief that this investigation has been handled very poorly and suspect due diligence was not afforded the case. It is my believe that is what drives Mr (b) (6) refusal to provide any details. It is unclear to me how he believes i don't have a need to know when it pertains to an individual at my command and the case was generated by me. It is also unclear to my why he is making me FOIA the information. DON-NAVY-2019-005288	I am requesting information about myself, for myself. On August 14, 1990 I successfully ejected out of an F/A-18 based out of NAS Lemoore, CA. I was temporarily assigned to VFAT-125 for training from VA-22 (VFA-22) also a Lemoore based squadron. What I am mainly hoping to see are the many pictures that were taken after the event. I saw them back then but did not think I would want to see them again. Well, now that I am retired from my airline job I am trying to gather some things from the past that were important things/events...in my life. Also, if you have any information about the ejection that is not classified I would appreciate that as well.  The following information was taken from the internet. It seems correct but that is all I know. The first number is the BUNO 163707, the D says it was an F/A-18D from VFA-125 with a tail numeber NJ-535 and the rest is the known disposition of the flight.  163707 ▯ VFA-125/NJ-535, 1989. VFA-125 A/C lost control and crashed 14 Aug 1990 near Hunter Mt, CA. LT (b)(6), CDR (b)(6) ejected  Again, any information would be greatly appreciated, especially if you can find the pictures that were taken of the crash site in the days following my ejection.	3/27/2019	Partial Grant/Partial Denial

The Naval Safety Center referred me to this office.</p> <p>The case involves a then-Lt. Col. William Henry Rankin, USMC, who was flying an F-8U Crusader from Weymouth, Mass., to Cherry Point, N.C. Col. Rankin's aircraft developed a compressor or similar failure just under 48,000 feet, and he was forced to eject when all systems failed overflying the Norfolk area.</p> <p>The unmanned jet subsequently crashed in the vicinity of Scotland Neck, N.C., late afternoon hours. Rankin survived a non-pressurized bailout and descent through a massive thunderstorm. His experience was documented a year later autobiographically.</p> <p>The colonel has long since passed. But his writings point to an "Aircraft Accident Report (AAR)" overseen by a military team. The said parties used a tape recording device, presumably reel-to-reel, to memorialize the interview with Rankin less than 48 hours after his ordeal. They captured his words of what transpired at the ripest opportunity to ensure detailed exposition.</p> <p>I am specifically seeking the following:</p> <p>-a copy of the taped conversation, or alternately, transcripts of the interview</p> <p>-the preliminary and final accident reports released by the Navy</p> <p>-any supplemental reports, including material that may contain observations from Rankin's wingman on the ill-fated flight, Lt. (b) (6) , USMC, and any medical analysis of Rankin's condition after enduring the extreme weather conditions in freefall</p> <p>-records directly related to the exact plane Rankin was flying</p> <p>-records directly related to the meteorological event itself</p>	4/11/2019	Partial Grant/Partial Denial

DON-NAVY-2019-006073	Good afternoon,  I request two reports from the Naval Criminal Investigative Service. I request these report because I need to provide my background investigator police reports where my name has been mentioned.  One of the incidents occurred on December 2009. At the time, I was a Corporal in the Marine Corps stationed in Camp Lejeune, NC. I was investigated by NCIS while in the military because I payed using a counterfeit ten-dollar bill for merchandise I bought at the local exchange. At the time, I was unaware the bill was fake. I received this counterfeit bill at the Greensboro, NC airport after paying for my parking. NCIS questioned me and searched my barracks room, vehicle and even my electronic devices at the time. They did this in attempt to find any inculpatory evidence of me printing or owning fake dollar bills. Of course, nothing was found as I was given this ten-dollar bill by someone at the parking terminal at the airport. I do not have a report number.  The second incident occurred May 2008. At the time, I was a Lance Corporal in the Marine Corps Stationed in Camp Lejeune, NC. During this investigation, I was interviewed by NCIS because an engagement ring was stolen at the 2nd CEB barracks. The room where this theft happened was the room next to mine. Furthermore, our rooms were connected through a shared bathroom, hence why I was questioned.  Feel free to contact me if you require more personal information or details of these events. Thank you.	4/22/2019	Partial Grant/Partial Denial

DON-NAVY-2019-006665	The incident took place on or around the date of February 22, 2015. The location was at NSA BAHRAIN, it involved Naval security forces. MA3 (b) (6) held a gun against my chest and pulled the trigger. We were on duty working night shift in Delta section. I had my back to MA3 (b) (6), and when I turned around he was standing in front of me with his M9 service pistol. While holding the gun against the metal plate of my ballistic vest, he stared straight in my eye and asked "Do you trust me?" To which I replied "No", after I answered him he pulled the trigger and I heard the gun click, and then he said I should have said yes. When I had my back to him MA3 (b) (6) had taken out the magazine and round in the chamber from his service pistol. MASN (b) (6) was also in the room when this incident occurred, he was sitting in the corner. NCIS conducted the investigation. MA3 (b) (6) was taken to the brig, but then brought back to Bahrain. Weeks later he was separated from the navy with an other than honorable discharge. The department of Veterans Affairs is requesting records to prove the incident occurred in order to determine benefits related to this incident. I was not given any paperwork other than a DD from 2701. There was also a Military protective order against him. I'm unable to claim and get help from disabilities that are a result of this incident because I don't have any proof that this happened to me.	5/8/2019	Partial Grant/Partial Denial

DON-NAVY-2019-006777	I was enlisted U.S. Navy, serving on Admiral's command staff COMCARGRU-2, and was investigated during 1974-1975 for being homosexual. I was discharged with general under honorable conditions, had that later changed to honorable. The investigation involved FBI background investigation and questioning of others, and also interviews with me personally by NIS investigator. I was honest and forthright and stated that I am gay. The Judge Advocate copy that I obtained back in the 1970s I think, was heavily redacted. I am requesting a completely unredacted copy of the investigations done by both NIS and FBI. I am 67 years old this year and I submit that all other interested parties are likely deceased at this point in time. I am requesting this full copy of the investigation for my own information and peace of mind as to who said what about my life back then.	5/10/2019	Partial Grant/Partial Denial

DON-NAVY-2019-006771	THIS IS A RESUBMISSION OF INITIAL REQUEST ON 01 APRIL. TO DATE, NO ACTION TO ACKNOWLEDGE THIS REQUEST HAS BEEN TAKEN BY TENTH FLEET OR NIOC GEORGIA.  On March 25th, 2019, I received a memorandum from the Department of Defense (DoD) Consolidated Adjudications Facility (CAF), notifying me of their intent to revoke my eligibility for access to classified information, assignment to duties that have been designated national security sensitive, and access to Sensitive Compartmented Information (SCI). The DODCAF memo stated that I may request the records upon which they relied on to make the preliminary decision. Two such documents listed are the Navy Information Operations Command Georgia Preliminary Inquiry Report dated July 6, 2017 and the U.S. Fleet Cyber Command/U.S. Tenth Fleet Preliminary Inquiry into Fraud, Waste and Mismanagement dated June 21, 2017. In order to adequately respond to and challenge the Statement of Reasons (SOR), I am requesting a FOIA release of these two reports in their entirety, with particular interest for any/all information that directly refers to me and my actions documented in the investigation. Your positive endorsement of this request would be greatly appreciated.	5/10/2019	Partial Grant/Partial Denial

On May 8, 2019 I was informed by the Department of the Navy that my request needed to be filed as a FOIA because documents responsive to my request were actually unclassified, despite what I had led to believe by the Finding Aid.</p> <p>This then is a request for any and all responsive unclassified documents, whatever they are called, that would offer a by-box, by-document listing of what is contained in this historically valuable, 12-cubic-foot collection. DON-NAVY-2019-007334	I wish to obtain a copy of the full Aircraft Accident Report (including the Maintenance Officers report and any photos) for McDonnell F-4B Phantom II, Bureau Number 152305, which was involved in a class B mishap on 9 April 1966 aboard USS America whilst assigned to VF-102. On the same day (the carrier was moored in Istanbul on this day) several other aircraft aboard USS America had mishap/incident reports listed for them, F-4Bs 151474, 152292, 152231 and two E-1Bs 147237/148145. The same day, HC-2 UH-2A 149014 (pilot R. J. Murphy) crashed off the port bow of USS America and several sailors were injured by flying debris. I suspect that this crash might have had something to do with the large number of aircraft apparently involved in mishaps this day. Therefore, if the AAR is not available for 152305, I would be interested in any of the other reports (if they still exist) especially the F-4Bs and UH-2A 149014 report (which i would assume mention damage that might have been caused to other aircraft)	5/27/2019	Partial Grant/Partial Denial
